The Rocky Road to Dublin

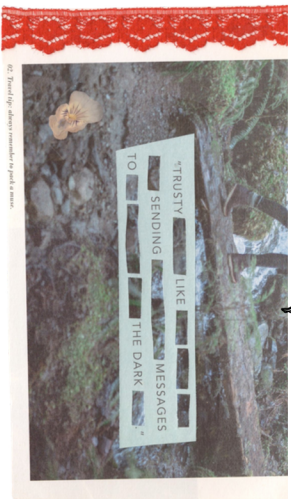

A traditional Irish tune written in a 9/8 time signature. The 9/8 is also known as slip jig timing, and like being on the receiving end of an Irish goodbye, it can leave you confused, frustrated and wanting more.

This tune has risen in popularity due to its appearance in the Oscar winning film, *Sinners* and its a real hoot to play. Just remember to tune your banjo's B string up to a C and don't be afraid to add or remove a note or two when singing along.
